

## ADA WHEELCHAIR ACCESS RAMPS

**Fibar's ADA Wheelchair Access Ramp is the perfect solution for ensuring accessibility for everyone on the playground.**

Crafted from tough, high-density polyethylene, this ramp is built to last and won't fade, splinter, or crack, providing long-lasting use and peace of mind. With ADA compliance for mobility devices and a width that accommodates even motorized wheelchairs, this ramp is the easiest way to ensure inclusivity on the playground. Please note that the ADA Wheelchair Access Ramp is designed for use with FibarGuard Black Borders only. By combining these two products, you can create a safe and accessible playground that can be enjoyed by everyone.

## FIBARGUARD PLAYGROUND BORDERS

**FibarGuard black borders are the ideal solution for maintaining safety surfacing within playgrounds.**

Our playground borders are constructed from durable high-density polyethylene, designed to withstand the toughest of outdoor conditions while also being UV-stable to ensure long-lasting use. Injection molded and known to be the industry standard, FibarGuard black borders are a cost-effective option that doesn't compromise on quality.

FibarGuard comes complete with a galvanized steel installation spike, and is available in two sizes, making it easy to install and secure the borders in place. Sizes available 4' long x 8" high and 4' long x 12" high. With FibarGuard playground borders, you can rest easy knowing that your playground surfacing is safe and secure, with a clear boundary between play areas and surrounding surfaces.
