

FlexTile™

INTERLOCKING RUBBER TILES

FlexTile Interlocking Rubber Tiles are designed for playground and recreational use. The tiles are equipped with a built-in alignment foot which allows for precise installation. The locking mechanism runs the entire perimeter to provide a more secure installation and will help minimize any curling or tile separation.

Advantages:

- Available with two options for top layer allowing for a wide range of colors.
- Checkerboard patterns or other basic designs add playful surface value.
- Locking technology makes installation easy, prevents tile lifting, and ensures a snug fit for years to come.
- 10 year limited warranty.
- USA manufacturing and comprised of recycled rubber materials.
- Structural base helps prevent tile sagging.
