

# TOT TURF®

## WEAR MATS

Extend the life of your surfacing investment with our heavy duty rubber wear mat. Designed for high use zones like under swings and at slide endings, this heavy duty mat will preserve critical safety surfacing in frequently used spaces to ensure continued compliance.

**MADE IN  
USA**

## Features

- Prevents rutting on loose fill surfaces under swings and at slide exits due to repetitive use
- Helps maintain unitary surfaces in heavy traffic areas where tears and holes can occur
- Extra heavy weight to prevent theft
- Ships with playground equipment for freight cost savings

## Wear Mat Specifications

- Wear mat shall be manufactured from recycled rubber.
- Dimensions are 36" by 36" by 1.5" thick.
- Wear mat must meet Consumer Product Safety Commission Guidelines for a drop-height of 3' in accordance with ASTM F 1292. When installed on top of a TotTurf surface of 12" depth or greater, wear mat must meet ASTM F 1 292 at a drop height of 12' (impact attenuation performance tests are available on request.)
- Suppliers must provide product liability insurance
