

TotTurf®

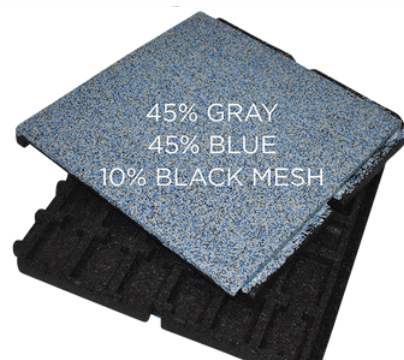

INTERLOCKING TILES

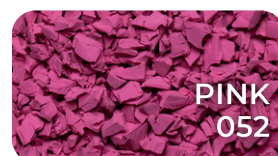

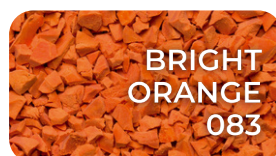

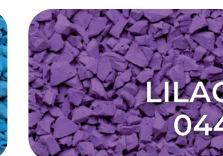

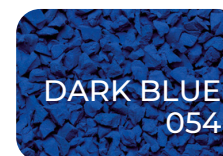

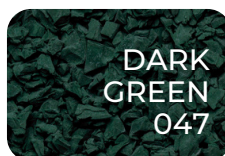

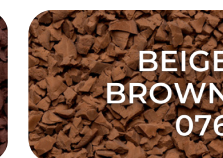

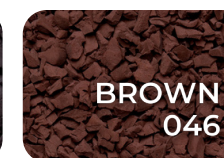

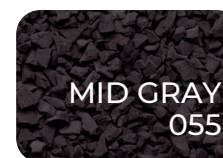

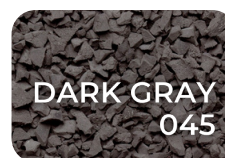

EPDM

EPDM granules are used to create options from bright solids to special blends for specific color themes. Mixtures includes a vibrant 90% EPDM/10% black mesh for standout solids, a 50/50 mix with black mesh, and mixtures with up to 3 EPDM colors. Ask your rep about specific blends to cover your space needs.

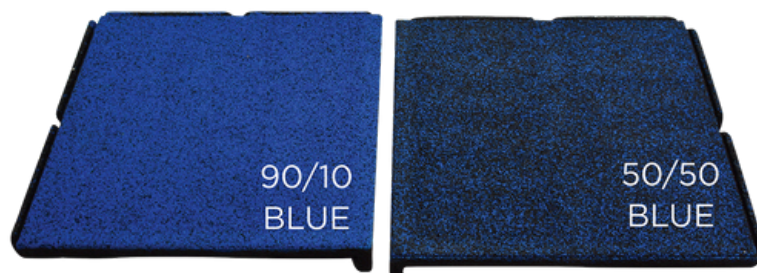

Standard Colors

Non-Standard Colors

The colors shown are representative of our tile top options. Please be advised that actual colors and availability may vary depending on region. Non-standard colors may require premium pricing and longer lead times. Request samples for more accurate color matches.
