

TotTurf Synthetic Turf installed by Robertson is an excellent safety surface that provides a realistic look and feel of a natural lawn. Our turf systems are installed to meet all ADA standards for public spaces and ASTM 1292 attenuation safety requirements. C

Features and Benefits

- Made in the USA and IPEMA tested for ADA & ASTM Compliance
- Eliminate / Conserve water and no more mowing around walkway and play areas
- Fiber Materials - Polyethylene & Polypropylene with unique blade shapes to meet your individual needs
- ProFlow backing for strength and resilience
- System installation may include any type of infill; we recommend EnviroFill™ with Microban to keep your turf 25% cooler and to help fight the spread of bacteria
- Additional options include: Drainage Layer, Static Free and Tot Turf Advantage for high impact areas

ProPlay Plus
